1. INTRODUCTION

Safeguarding and promoting the welfare of children is defined as protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes. (*Keeping Children Safe in Education, DfE, September 2018*)

This Child Protection Policy forms part of a suite of documents and policies, which relate to the safeguarding responsibilities of the school.

In particular, this policy should be read in conjunction with the Safer Recruitment Policy, Behaviour Policy, Physical Intervention Policy, Anti-Bullying Policy, Code of Conduct/Staff Behaviour Policy, E-safety Policy and ICT Acceptable Usage Policy.

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who encounters children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child. (*Keeping Children Safe in Education, DfE, September 2018*)

Purpose of a Child Protection Policy

To inform staff, parents/carers, volunteers and governors about the school's responsibilities for safeguarding children. To enable everyone to have a clear understanding of how these responsibilities should be carried out.

Northamptonshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures

The school follows the procedures established by the Northamptonshire Safeguarding Children Board; a guide to procedure and practice for all agencies in Northamptonshire working with children and their families: www.northamptonshirescb.org.uk

School Staff & Volunteers

All school staff have a responsibility to provide a safe environment in which children can learn.

School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.

All staff members should receive appropriate safeguarding and child protection training which is regularly updated. In addition all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. This will ensure that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow.

Temporary staff and volunteers will be made aware of the safeguarding policies and procedures by the Designated Safeguarding Lead - including Child Protection Policy and staff behaviour policy (Code of Conduct).

Mission Statement

Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to when they

have a worry or concern.

Establish and maintain an environment where school staff and volunteers feel safe, are encouraged to talk and are listened to when they have concerns about the safety and well-being of a child.

Ensure children know that there are adults in the school whom they can approach if they are worried.

Ensure that children, who have additional/unmet needs, are supported appropriately. This could include referral to early help services or specialist services if they are a child in need or have been / are at risk of being abused and neglected.

Consider how children may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.

Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child.

Implementation, Monitoring and Review of the Child Protection Policy

The governing body will review the policy annually. It will be implemented through the school's induction and training programme, and as part of day-to-day practice. Compliance with the policy will be monitored by the Designated Safeguarding Lead and through staff performance measures.

2. STATUTORY FRAMEWORK

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
Section 11 of the Children Act 2004 places duties on a range of organisations and individuals to ensure their functions, and any services that they contract out to others, are discharged having regard to the need to safeguard and promote the welfare of children.
- Education Act 2002 (Section 175/157)
Outlines that Local Authorities and School Governing Bodies have a responsibility to "ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils".
- Northamptonshire Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures
- Keeping Children Safe in Education (DfE, September 2018)
- Keeping Children Safe in Education: Part One - information for all school and college staff (DfE, September 2018) – ANNEX A
- Working Together to Safeguard Children (DfE 2018)
- The Education (Pupil Information) (England) Regulations 2005
- Sexual Offences Act (2003)
- Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)

- Female Genital Mutilation Act 2003 (Section 74 ,Serious Crime Act 2015)

Working Together to Safeguard Children (DfE 2019) requires each school to follow the procedures for protecting children from abuse, which are established by the Northamptonshire Safeguarding Children Board.

Schools are also expected to ensure that they have appropriate procedures in place for responding to situations in which:

- a child may have been abused or neglected or is at risk of abuse or neglect
- a member of staff has behaved in a way that has, or may have harmed a child or that indicates they would pose a risk of harm.

3. THE DESIGNATED SAFEGUARDING LEAD

Governing bodies and proprietors should ensure that the school designates an appropriate senior member of staff to take lead responsibility for child protection. This person should have the status and authority within the school to carry out the duties of the post including committing resources and, where appropriate, supporting and directing other staff.

During term time the Designated Safeguarding Lead (DSL) and or a deputy will always be available (during school hours) for staff in the school to discuss any safeguarding concerns. During out of hours/out of term activities an individual risk assessment will be in place to ensure that a DSL is available to contact.

The Designated Safeguarding Lead for Child Protection in this school is Wendy Whitehouse

The Deputy Designated Safeguarding Lead for Child Protection in this school is Steve Elson.

It is a matter for individual schools and colleges as to whether they choose to have one or more deputy designated safeguarding lead(s). Any deputies should be trained to the same standard as the designated safeguarding lead.

Whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate lead responsibility for child protection, as set out above, remains with the designated safeguarding lead; this lead responsibility should not be delegated. (Annex B; Paragraph 2 Keeping Children Safe in Education 2019.)

The broad areas of responsibility for the Designated Safeguarding Lead are found in *Annex B* of "Keeping Children Safe in Education" 2019. They are:

➤ **Managing referrals and cases**

- Refer all cases of suspected abuse or neglect to the Multi Agency Safeguarding Hub (MASH), Police (cases where a crime may have been committed) and to the Channel programme where there is a radicalisation concern. **Safeguarding Referrals must be made in one of the following ways:**
 - By telephone contact to the Multi-Agency Safeguarding Hub (MASH):
 - **0300 126 1000 Option 1**
 - By e-mail to:
 - **MASH@northamptonshire.gcsx.gov.uk**

- By using the online referral form found at:
<http://www.northamptonshirescb.org.uk/more/borough-and-district-councils/how-to-make-an-online-referral/>
- In an emergency outside office hours, contact children's social care out of hours team on **01604 626938** or the Police
- **If a child is in immediate danger at any time, left alone or missing, you should contact the police directly and/or an ambulance using 999.**

- **Multi-Agency Safeguarding Hub (M.A.S.H)**

The Multi-Agency Safeguarding Hub (MASH) deals with referrals from professionals and members of the public who may have concerns about a child's welfare following contact with the helpline that is now also based in the Multi-Agency Safeguarding Hub. It makes the process of dealing with referrals quicker and more effective by improving the way county council: Children's social care, Northamptonshire Fire and Rescue Service (NFRS), Youth Offending Service (YOS) and education, work alongside other partner agency colleagues including Northamptonshire police, Northamptonshire health partners, National Probation Service, and the East Midlands Ambulance Service (EMAS) to share information.

- Liaise with the Head Teacher or Principal to inform him/her of issues - especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations.
- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies.
- Support staff who make referrals.
- Share information with appropriate staff in relation to a child's looked after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.
- Ensure they have details of the CLA's social worker and the name of the virtual school Head Teacher in the authority that looks after the child.

➤ Training

The Designated Safeguarding Lead should undergo formal training every two years. The DSL should also undertake Prevent awareness training. In addition to this training, their knowledge and skills should be refreshed, (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments), at least annually to:

1. Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments. Have a working knowledge of the latest Thresholds and Pathways document (www.northamptonshirescb.org.uk/schools/toolkits-docs-schools/thresholds-and-pathways/)
2. Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
3. Ensure each member of staff has access to and understands the school's or college's safeguarding and child protection policy and procedures, especially new and part time

staff

4. Ensure that all staff:
5. understand what 'early help' is
6. understand what this looks like in their school
7. understand how to identify children in need of 'early help'
8. understand the difference between a 'concern' and 'immediate danger or at risk of harm'

9. Ensure that the school keeps a record of the children who are in receipt of Early Help

10. Be alert to the specific needs of children in need, those with special educational needs and young carers

11. Understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation

12. Be able to keep detailed, accurate, secure written records of concerns and referrals

13. Obtain access to resources and attend any relevant or refresher training courses

14. Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures, the school or college may put in place to protect them.

➤ **Raising Awareness**

- The Designated Safeguarding Lead (DSL) should ensure the school's policies are known, understood and used appropriately.
- Ensure the school's safeguarding and child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this.
- Ensure the safeguarding and child protection policy is available publicly and parents/carers are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this.
- Link with the Local Safeguarding Children's Board (LSCB) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Where children leave the school, ensure the file for safeguarding and any child protection information is sent to any new school/college as soon as possible but transferred separately from the main pupil file. If necessary, refer to the NSCB website; 'Documents for Practitioners in Schools'; 'Transfer of Child Protection Records': www.northamptonshirescb.org.uk/schools/toolkits-docs-schools/documents-schools/
- Schools should obtain proof that the new school/education setting has received the safeguarding file for any child transferring and then destroy any information held on the child in line with data protection guidelines.

4. THE GOVERNING BODY

The Governing Body of Farthinghoe School must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools or colleges are effective and comply with the law at all times.

The nominated governor for child protection is Graham Thorley

The responsibilities placed on governing bodies include:

- their contribution to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified
- ensuring that an effective child protection policy is in place, together with a staff behaviour policy/staff code of conduct
- ensuring staff are provided with Part One of Keeping Children Safe in Education (DfE 2018) and Annex A and are aware of specific safeguarding issues
- ensuring that staff induction is in place with regards to child protection and safeguarding
- appointing an appropriate senior member of staff to act as the Designated Safeguarding Lead. It is a matter for individual schools and colleges as to whether they choose to have one or more Deputy Designated Safeguarding Lead.
- ensuring that the role of the DSL is explicit in the role-holder's job description (see Annex B Keeping Children Safer In Education September 2018, which describes the broad areas of responsibility and activities related to the role)
- ensuring that all of the Designated Safeguarding Leads (including deputies) should undergo formal child protection training every two years (in line with LCSB guidance) and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSLPs, or taking time to read and digest safeguarding developments)
- prioritising the welfare of children and young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- ensuring that children are taught about safeguarding in an age appropriate way including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This may include covering relevant issues through personal, social, health and economic education (PSHE), and/or, for maintained schools and colleges, through sex and relationship education (SRE). (See paragraphs 67 to 69 of Keeping Children Safer in Education 2018)
- ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material
- additional information to support governing bodies and proprietors is provided in Annex C of **Keeping Children Safe in Education (DfE 2019)**
- having a senior board level lead to take leadership responsibility for the organisation's safeguarding arrangements.

Additional information to support governing bodies and proprietors is provided in Annex C of Keeping Children Safe in Education (DfE 2019)

Safer Recruitment: All school governors need an Enhanced DBS Check (without barred list, unless they are additionally in regulated activity)

5. WHEN TO BE CONCERNED

A child centred and coordinated approach to safeguarding:

Safeguarding and promoting the welfare of children is everyone's responsibility. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child centred. This means that they should consider, at all times, what is in the best interests of the child.

Schools and colleges and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the best interests of the child at all times.

Children who may require early help:

All staff should be aware of the early help process, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Safeguarding Lead any ongoing/escalating concerns so that consideration can be given to a referral to Children's Services if the child's situation does not appear to be improving.

Early Help Links:

- Follow this link: www.northamptonshirescb.org.uk/social-care/early-help/ to access Northamptonshire's information and support for professionals regarding Early Help.

Early Help Strategy:

www.northamptonshirescb.org.uk/social-care/early-help/early-help-strategy/

- Early Help Co-ordinator
www.northamptonshire.gov.uk/earlyhelp

Staff and volunteers working within the school should be alert to the potential need for early help for children also who are more vulnerable. For example:

- Children with a disability and/or specific additional needs.
- Children with special educational needs.
- Children who are acting as a young carer.
- Children who are showing signs of engaging in anti-social or criminal behaviour.
- Children whose family circumstances present challenges, such as substance abuse, adult mental health or learning disability, domestic violence.
- Children who are showing early signs of abuse and/or neglect.

School and college staff members should be aware of the main categories of maltreatment: physical abuse, emotional abuse, sexual abuse and neglect. They should also be aware of the indicators of maltreatment and specific safeguarding issues so that they are able to identify cases of children who may be in need of help or protection.

See *Appendix 4 of this policy for information on indicators of abuse and Appendix 1 for specific safeguarding issues.*

Children with special educational needs and disabilities:

Additional barriers can exist when recognising abuse and neglect in this group of children.

This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration;
- Assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying - without outwardly showing any signs;
- Communication barriers and difficulties;
- Reluctance to challenge carers, (professionals may over empathise with carers because of the perceived stress of caring for a disabled child);
- Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased;
- A disabled child's understanding of abuse;
- Lack of choice/participation;
- Isolation.

Peer on peer abuse

Education settings are an important part of the inter-agency framework not only in terms of evaluating and referring concerns to Children's Services and the Police, but also in the assessment and management of risk that the child or young person may pose to themselves and others in the education setting.

If one child or young person causes harm to another, this should not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:

- Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or
- Whether the perpetrator has repeatedly tried to harm one or more other children; or
- Whether there are concerns about the intention of the alleged perpetrator.

Peer on peer abuse can manifest itself in many ways and different gender issues can be prevalent. Severe harm may be caused to children by abusive and bullying behaviour of other children, which may be physical, sexual or emotional and can include gender based violence/sexual assaults, sexting, teenage relationship abuse, peer-on-peer exploitation, serious youth violence, sexual bullying or harmful sexual behaviour.

Guidance on responding to and managing sexting incidents as well as other information on E-Safety can be found at:

<http://www.northamptonshirescb.org.uk/health-professionals/safeguarding-topics/esafety/>

This includes a link to the document: *Sexting in Schools and Colleges: Responding to Incidents and Safeguarding Young People UK Council for Child Internet Safety*

Staff should recognise that children are capable of abusing their peers and should not be tolerated or passed off as "banter" or "part of growing up".

In order to minimise the risk of peer on peer abuse the school:

- Provides a developmentally appropriate PSHE curriculum, which develops students understanding of acceptable behaviour and keeping themselves safe.
- Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued.
- Develop robust risk assessments where appropriate.
- Have relevant policies in place (e.g. behaviour policy).

6. DEALING WITH A DISCLOSURE

If a child discloses that he or she has been abused in some way, the member of staff/volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the Designated Safeguarding Lead without delay.

Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Safeguarding Lead.

If a school/college staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy – *Allegations involving school staff/volunteers*.

For referrals regarding adults in education and other information on the role of the Designated Officer (formerly LADO) follow the link below:

<http://www.northamptonshirescb.org.uk/about-northamptonshire-safeguarding-children-board/who-is-who/designated-officer/>

7. RECORD KEEPING

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the Designated Safeguarding Lead.

When a child has made a disclosure, the member of staff/volunteer should:

- Record as soon as possible after the conversation. Use the school 'Cause for Concern' blue form wherever possible. These are stored in the school office.
- Do not destroy the original notes in case they are needed by a court.
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child.
- Draw a diagram to indicate the position of any injuries.
- Record statements and observations rather than interpretations or assumptions.

All records need to be given to the Designated Safeguarding Lead promptly. No copies should be retained by the member of staff or volunteer.

The Designated Safeguarding Lead will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

If a pupil who is/ or has been the subject of a child protection plan changes school, the Designated Safeguarding Lead will inform the social worker responsible for the case and transfer the appropriate records to the Designated Safeguarding Lead at the receiving school, in a secure manner, and separate from the child's academic file.

8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children's Services and the Police).
- If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe. This may ultimately not be in the best interests of the child.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

9. SCHOOL PROCEDURES

Please see Appendix 3: What to do if you are worried a child is being abused flowchart.

If any member of staff is concerned about a child he or she must inform the Designated Safeguarding Lead. The Designated Safeguarding Lead will decide whether the concerns should be referred to MASH. If it is decided to make a referral to MASH this will be discussed with the parents, unless to do so would place the child at further risk of harm.

Whilst it is the DSLs role to make referrals, any staff member can make a referral to MASH. If a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM), a referral should be made to MASH and/or the Police immediately. Where referrals are not made by the DSLP, the DSLP should be informed as soon as possible.

If a teacher (persons employed or engaged to carry out teaching work at schools and other institutions in England), in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the teacher must report this to the police after informing the Designated Safeguarding Lead. This is a mandatory reporting duty. See Appendix 1- Keeping Children Safe in Education (DfE 2018): Annex A for further details.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations. Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Safeguarding Lead will inform the social worker responsible for the case and transfer the appropriate records to the Designated Safeguarding Lead at the receiving school, in a secure manner, and separate from the child's academic file.

The Designated Safeguarding Lead is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

10. COMMUNICATION WITH PARENTS/CARERS

Farthinghoe Primary School will ensure the Child Protection Policy is available publicly either via the school website or by other means.

Parents/carers should be informed prior to referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats/forced to remain silent if alleged abuser informed;
- Leading to an unreasonable delay;
- Leading to the risk of loss of evidential material.

(The school may also consider not informing parent(s) where it would place a member of staff at risk).

Ensure that parents have an understanding of the responsibilities placed on the school and staff for safeguarding children.

11. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved towards a child or children in a way which indicates she/he would pose a risk of harm if they work regularly or closely with children

This applies to any child the member of staff/volunteer has contact within their personal, professional or community life.

What school or college staff should do if they have concerns about safeguarding practices within the school:

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements.
- Appropriate whistle blowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school or college's senior leadership team.

If staff members have concerns about another staff member then this should be referred to the Head Teacher. Where there are concerns about the Head Teacher, this should be referred to the Chair of Governors.

The Chair of Governors in this school is: Graham Thorley (Contact No: 01295 710406)

In the absence of the Chair of Governors, the Vice Chair should be contacted.

The Vice Chair in this school is: Stephen Wilson (Contact No: 01295 710406)

In the event of allegations of abuse being made against the Head Teacher, where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, allegations should be reported directly to the Designated Officer (formerly LADO). Staff may consider discussing any concerns with the Designated Safeguarding Lead and if appropriate make any referral via them. (See Keeping Children Safe in Education: Part Four, DfE 2018, for further information).

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. She/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher. The recipient of an allegation must not unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of Governors will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Designated Officer (formerly LADO):

Multi-Agency Safeguarding Hub: **0300 126 1000**

Designated Officers (formerly LADO):

For referrals regarding adults in education and other information on the role of the Designated Officer (formerly LADO) follow the link below:

<http://www.northamptonshire.gov.uk/lado>

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Designated Officer (formerly LADO) without delay.

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school's internal procedures.

The Head Teacher should, as soon as possible, following briefing from the Designated Officer inform the subject of the allegation.

Where a staff member feels unable to raise an issue with their employer/through the whistle blowing procedure or feels that their genuine concerns are not being addressed, other whistle blowing channels may be open to them:

- Multi-Agency Safeguarding Hub: **0300 126 1000**
- NSPCC whistle blowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: **0800 028 0285** – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.

Safer working practice

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook/school code of conduct/staff behaviour policy and Safer Recruitment Consortium document '*Guidance for safer working practice for those working with children and young people in education settings (September 2015)*'.

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school's behaviour management policy for more information.
