EMAIL COMMUNICATION, 26/03/2020

Dear Parents,

Can I first please thank everybody for all their support over the past week; this is clearly a situation that is going to continue beyond the Easter holidays. I hope everyone is staying safe and getting some fresh air.

We are ready to publish the next home working packs however please can I stress that these should be taken at your own pace. I am doing them with my own children and finding the English lessons provided by Hamilton generally take two days each. Equally you might be doing completely different activities and that is fine. Some children have been handing work in to be marked and some are not. **There are no rules or expectations.**

The teachers are really enjoying seeing the work and sending messages to the children. If you want to, you can now use your Google Education account (Year 1-6). It takes a bit of getting used to. Mr Elson is here if you need any help. The teachers are having training tomorrow on how to use this.

The school is open during the Easter break for Key Workers but we will not be setting any work during this time.

Our aim is to continue to use the Hamilton Work packs after Easter but also add online teaching sessions to go with them. Bear with us, we are new to this style of teaching and there may be some teething problems. I will let you know the details for this when we have a firm plan.

All the staff are in school tomorrow, printing packs for those children who would prefer a paper copy. **If you would like a printed copy, please confirm by email to Mrs Thompson ASAP.**

The week 2 Hamilton packs are ready for download on the school website - <http://www.farthinghoeprimaryschool.co.uk/home-learning-work-packs.html>

If you or your child would like a phone call with their class teacher, we will be making calls tomorrow. Please email Katie to let her know. This is a chance to say hello or ask any questions.
